

THE COLLABORATIVE APPROACH

A PRESENTATION AND PRACTICAL PORTRAIT DEMONSTRATION

Natasha J Bella presents 'The Collaborative Approach', an insightful talk about the importance of teamwork. Which Natasha knows is vital, whenever a photographer works with a model, in order to achieve the best results. Natasha's own unique experience as a freelance and commercial model, and as a photographer and educator, makes her especially qualified to explain what it takes to create powerful, arresting, and award-winning images of models, from fashion, to fine art.

Showcasing images from her portfolio, explaining the stories behind the photographs, and giving insights into the processes involved, Natasha is sure to inspire, motivate and excite all photographers interested in working in this area.

As a model, Natasha has featured in commercial work for numerous global brands. Working freelance, images of Natasha, achieved using her 'Collaborative Approach', have won countless of awards in the UK, South Africa, Asia and across the globe. Including awards from the Master Photography Association, the Guild of Photographers, and the Royal Photographic Society.

Working from her own studio in Leeds, Natasha runs regular sell-out workshops, as well as one-to-one tutorials, to help photographers better understand how to work with a model to secure great results every time.

Natasha says "when all the elements of a creative production align: the photographer; model; set; lighting; and wardrobe, it just clicks. That's what I love to help photographers achieve."

'Natasha was engaging, chatty and friendly putting over her talk in a clear and enthusiastic way. She clearly put members at their ease which encouraged them to ask questions and take part in the practical session. Natasha was able to offer each one person advice on framing images, camera settings and tips for working with models to create fabulous portraits. A super evening.'

'A very enjoyable, informative evening at our camera club. Natasha is very friendly and approachable. The itinerary included a background to Natasha's career, together with a compilation of some of her excellent images, giving a background into each shot. It was fascinating to the portrait photographer but is presented in a way to interest those who shoot other genres. Followed by a mini shoot for each member.'
